"Re-Evaluating Prosecutorial Approaches in the Context of Defendants with Mental Illness"

Presenter:
Matthew Walker
Deputy City Attorney
City of Las Vegas

What will be discussed?

- The benefits of factoring mental illness into the prosecution of criminal defendants.
- Techniques for effectively reducing recidivism in criminal defendants with mental health needs and formulating appropriate plea offers in the context of mental illness.
- Prosecution of criminal defendants with mental illness and mental health needs.
- Some applicability to defense of defendants with mental illness and mental health needs.
- Factors to consider when prosecuting defendants with mental illness.
- Suggestions regarding the sentencing of mentally ill criminal defendants who violate probationary terms.
